

Cassidy
+ the Curious
Cats.

by Mary Knopke

Cassidy the Cat was
very curious. She loved to
look at the Wluloburioses.

A Wluloburios (is) a bird that
flies down and it always looks
around.

Oh-no! Then one day

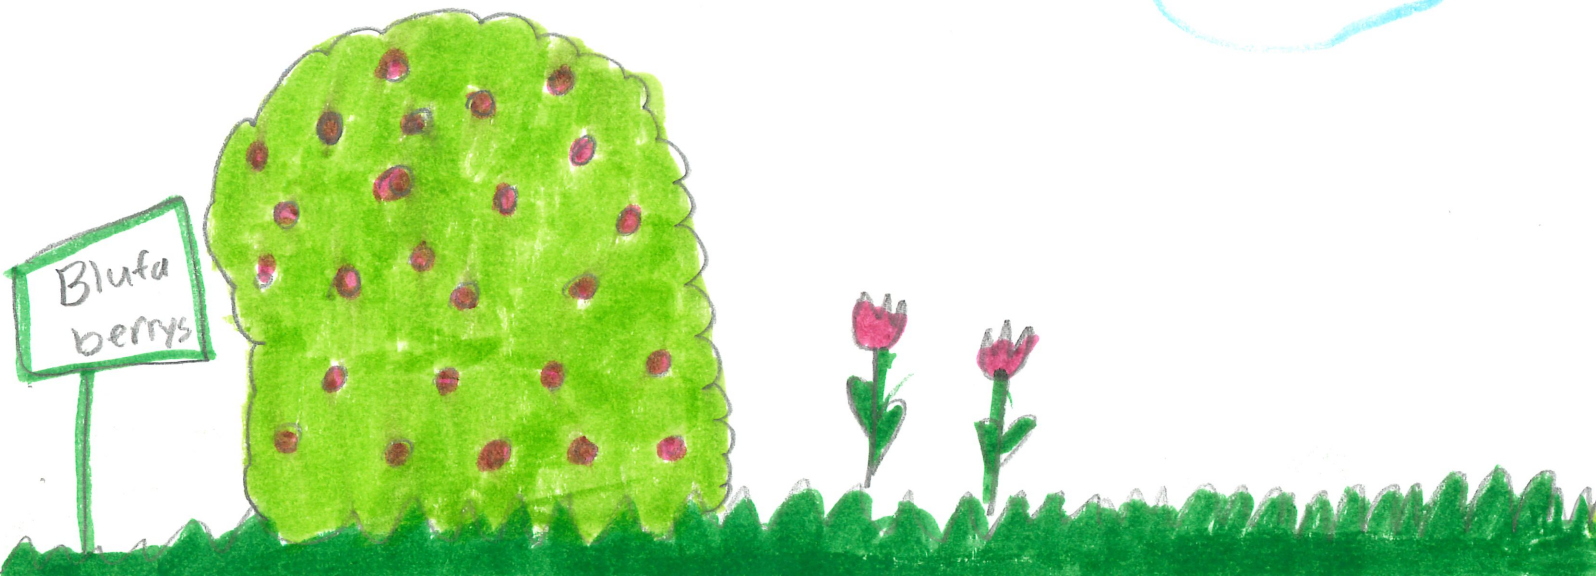

She ate a blufa berry!

Oh-no! Oh-no! How did it

happen and we don't know

why, but she turned into

a bird that flies!

Then after a day or two
she met Mike Meru. Mike
liked to think, so Mike
thought for an hour or two.
That's a lot!

Then she asked, "Dear Mike please help me because I ate a blufa berry!" "Oh," said Mike. Then you must eat a sweet treat! Then he flew away for the day.

OK. thought Cassidy. But
Which sweet treat should
I eat? Then she saw
a mufalla berry! Yum! Yum!
thought Cassidy. A mufalla
berry! Now that is a sweet
treat to eat!

Oh-no! Then she turned
into a Wallewoo! Oh-no!
Not a Wallewoo! A Wallewoo
is a kind of giraffe. It will
make you laugh!

Then she met a girl named
giraffe and her name was Saf.

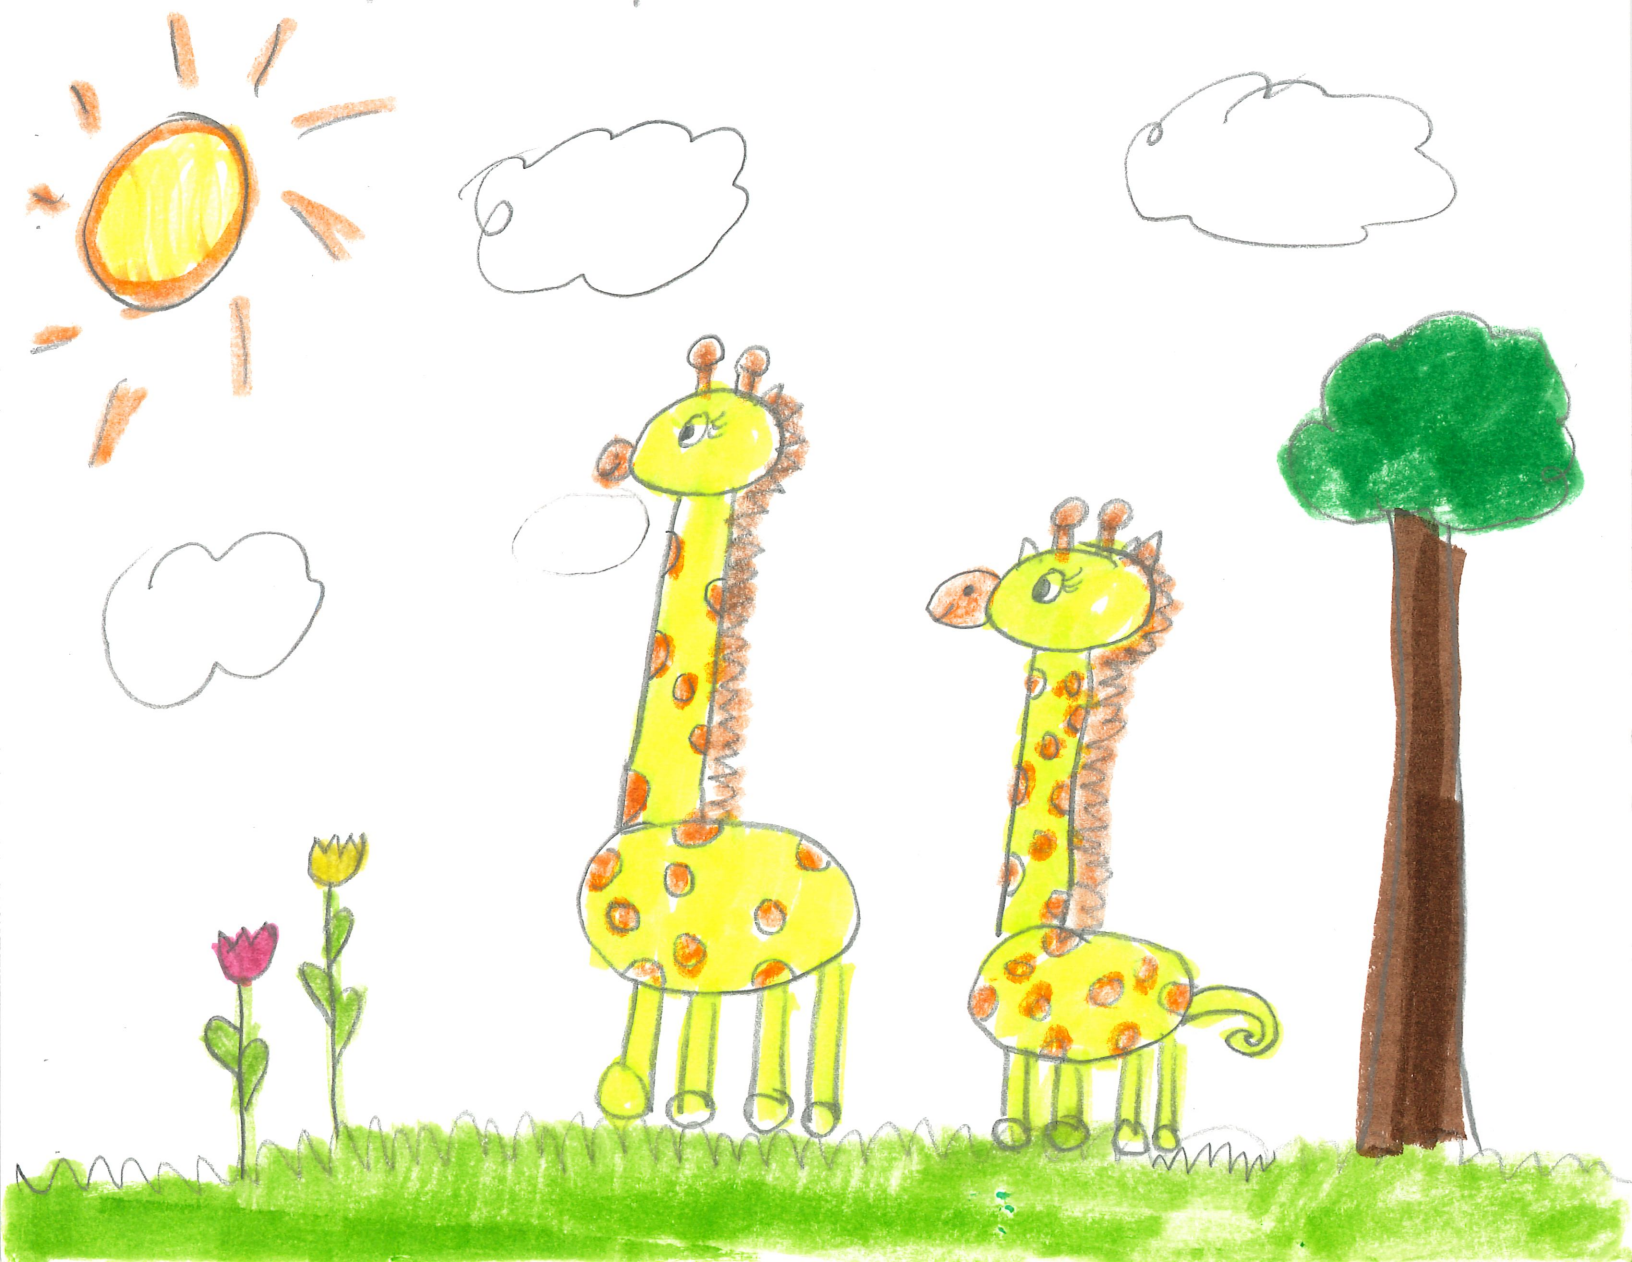

Saf was a giraffe and she
liked to play. She loved to

say "Hurray!"

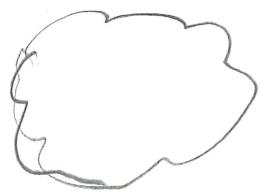

Then she said, "Dear Saf please help me for I ate a mufalla berry!" "Oh," said Saf. "Then you must play a very fun game."

Then she walked away for the day.

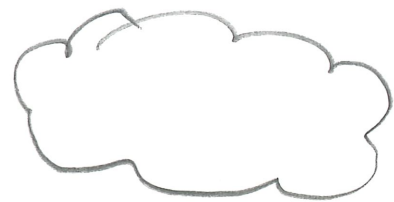

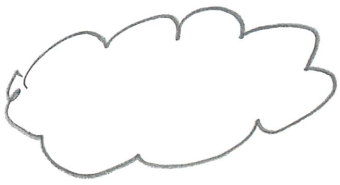

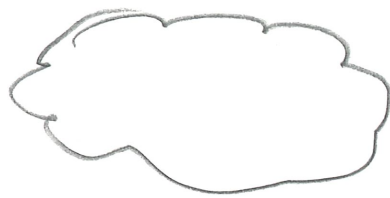

Ok. thought Cassidy. I like
games, but they are all about
the same! Then I think I will
play hide and seek! So

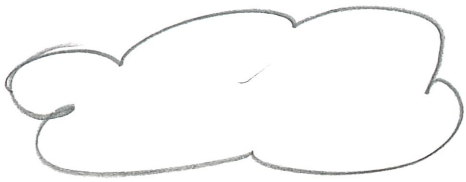

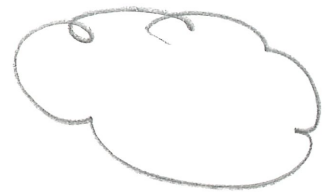

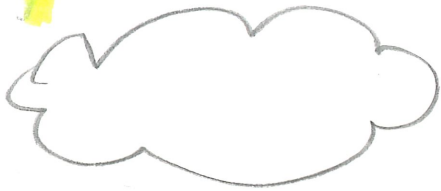

she asked Mike and Saf to
play, and they said, "Ok, but do
not peek!"

So Saf counted and Mike hid
with Cassidy who was a kid.
They hid behind the cherry
bush. And then....

Cassidy the bird, and Cassidy
the giraffe were back to
being...

Cassidy the
cat!

The End!
