

THE ADVENTURES

OF

VINERINA

THE QUEST TO SAVE THE MAGIC WORLD

BY

LEILA YAP

One day, a girl named Vinerina was walking. A unicorn appeared and said "Go to the Magic World with me!". Vinerina came with her. She saw that she can grow vines from her hands.

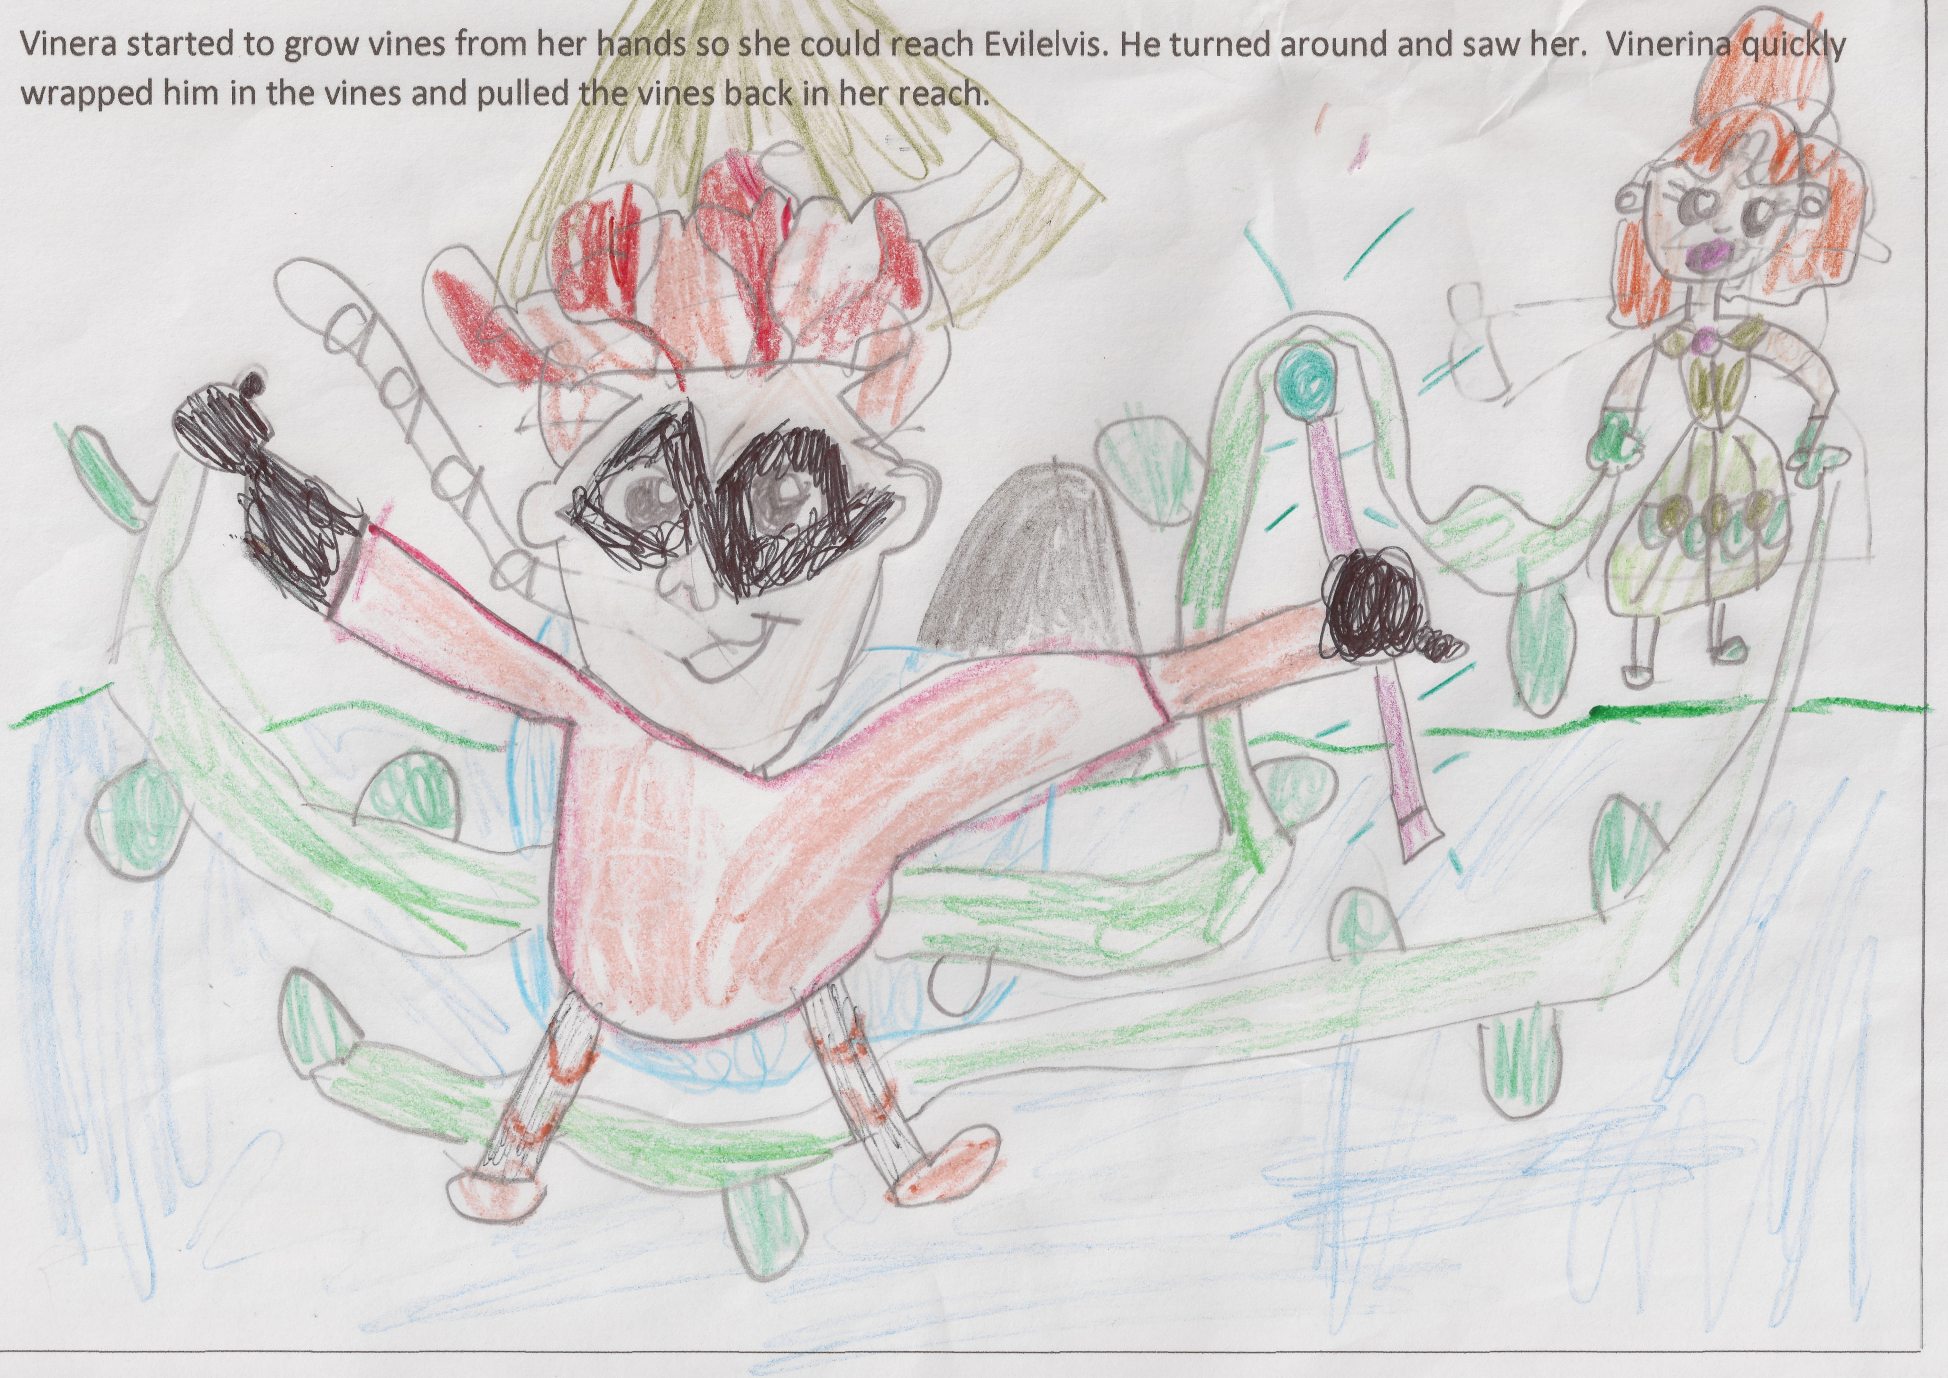

An evil sorcerer came and said "I will rule the Magic World. The magic will only be in my hands!" The sorcerer's name is Evilelvis.

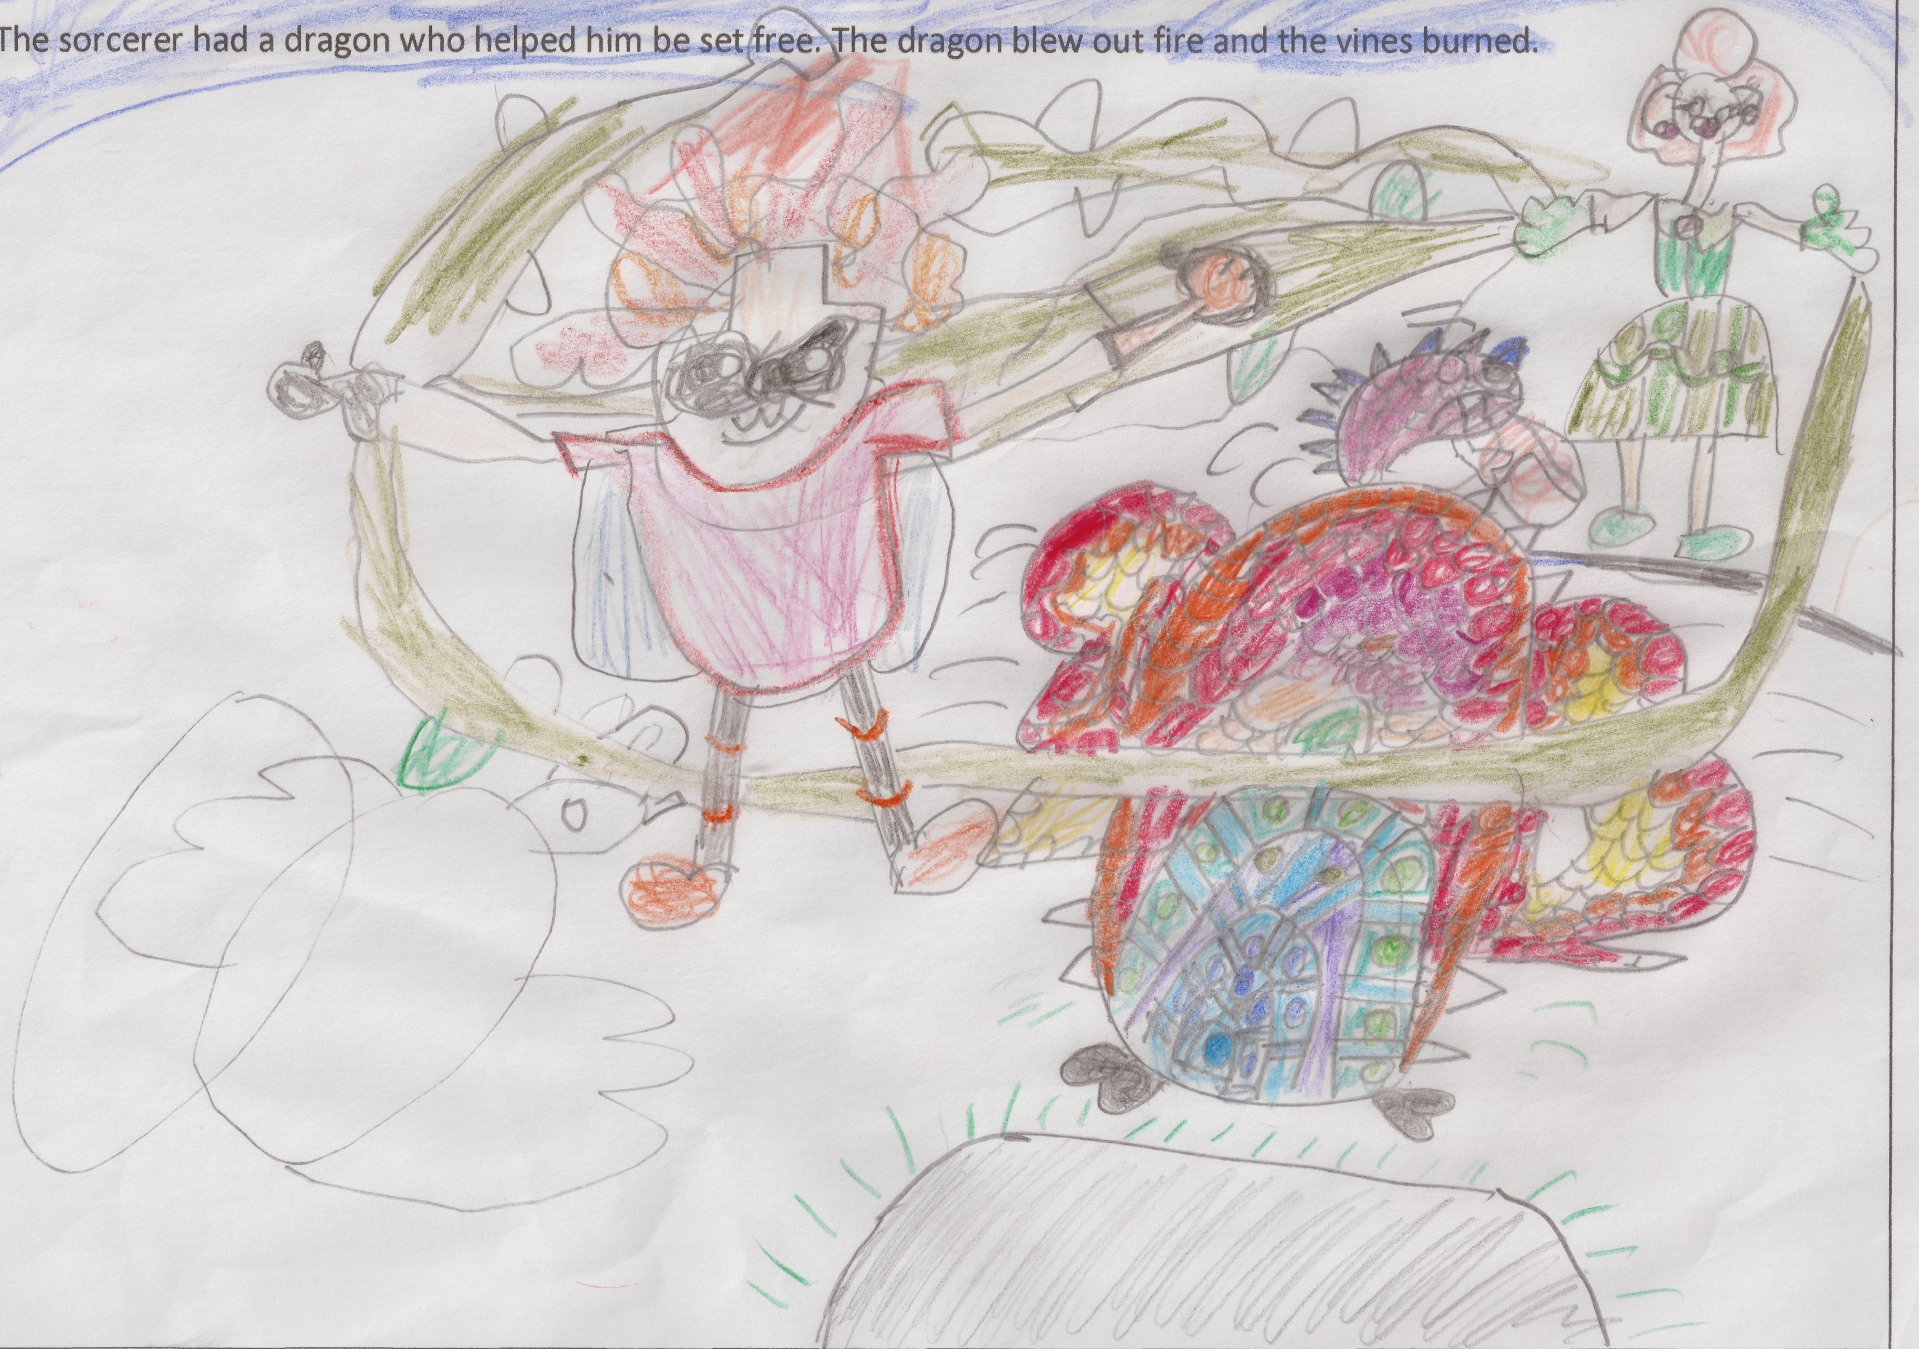

Vinerina noticed something about him. He had a glove that looked mysterious. Vinerina thought that if she took out the magic glove, he will have no power.

Vinera started to grow vines from her hands so she could reach Evilelvis. He turned around and saw her. Vinerina quickly wrapped him in the vines and pulled the vines back in her reach.

The sorcerer had a dragon who helped him be set free. The dragon blew out fire and the vines burned.

Vinerina quickly rode on the unicorn's back and another unicorn was helping them. Evilelvis rode the dragon and started to chase them. Vinerina asked the unicorns to blast their powers at Evilelvis. Their powers were sun and wind.

The unicorns said to Vinerina "get Evilelvis' glove!". Vinerina grabbed the glove and became the ruler of the Magic Land.
